preserve. Makes for that sweet with a bit of a bite.

COLIN'S STORY

As an original owner at the Princesa, Colin and Frances loved and were loved by the other owners, and worked hard to make the Princesa the quality residence it is today. Their labor of love spared no expense if it benefited the residents of the Princesa. Being a brilliant engineer who loved to cook, Colin had a vision of a family-friendly grill serving quality delicious food, and a place the residents and guests would come to relax.

Although Colin never realized his dream to personally own a grill, he made considerable investments to improve the quality of life and culture at the Princesa to benefit residents and guests. For these reasons and more, the grill has been named in his honor. Raise your glass and toast the spirit of the man who deeply loved everything about the Princesa, working tirelessly to see it be the Jewel of Sandy Beach. Enjoy Colin's Princesa Grill.
